ABOUT THE QC DOLLARWISE PARTNERSHIP

The Partnership is a group of individuals and organizations initiated by QC Mayors working to help people grow wise in their use of financial resources. The Partnership will identify all of the ways in which organizations are now trying to help people with the management of their money.

When new needs emerge or gaps in services are found, Partnership members will work to address that need by searching for grants and or working together to create new financial education programs to meet the needs of individuals and families within the Quad Cities.

The Partnership meets together in regular sessions to set up task forces and committees as needed to complete the work that needs to be done. An Executive Committee helps to oversee efforts of the Partnership, while the QC DollarWise Coordinator works to coordinate existing programs and foster the creation of new programs and resources as needed.

What is the Need?

There is a vital need for growth in skills and knowledge in the area of financial education.

Some people need to learn and practice basic skills in budgeting their money. Some need to learn the dangers of payday and car title loans. Others want to know how to balance their checkbook.

Lack of financial knowledge and skills affects an individual's day-to-day life. Ineffective money management can also result in behaviors that make citizens vulnerable to severe personal crises such as homelessness and bankruptcy.

How do I Become a Member?

Simply complete the membership form and send it with your check for \$50. Annual membership fees help support the work of the Partnership. Members have voting privileges and will receive regular updates about new and emerging issues in the field of financial wellness.
